BACKGROUND TO LRN

Learning Resource Network (LRN) is an awarding organisation that offers qualifications to candidates, educational institutes, training providers, schools and employers who can access qualifications either through registered educational institutions. In producing its qualifications, the project team drew upon the experience and expertise of academics, professionals working in the pertinent industries and colleagues with a wealth of practice and knowledge of validation, verification, delivery and assessment.

A full list of LRN qualifications can be found on the

register of regulated qualifications.

LRN London head office is supported by a team of representatives around the world.

RESULTS

LRN trained examiners are allowed to mark the writing and speaking components of the LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1). Marks are allocated for each candidate in accordance with the LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1) mark scheme for writing and speaking. The timescales in which LRN will issue its results is **up to 6 weeks** (upon receiving the candidate results from the test centre).

READING AND LISTENING

The marking of Reading and Listening components of LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1) is completed by clerical markers using answer keys for each question paper. To ensure standardisation of each exam, the reading and listening clerical markers completed induction training followed by standardisation exercises prior to each paper (where required). Results are moderated in accordance with LRN's moderation policy. Moderated results are then forwarded to the qualification review panel for final approval.

SPEAKING & WRITING

Speaking examination is conducted by one examiner approved by LRN, and is recorded on a Dictaphone. Marks are allocated for speaking and writing skill to each candidate in accordance with the LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1) mark scheme. LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1) is 100% externally assessed by an LRN examiner.

Speaking sub skills are assessed in pairs, where there are odd number of registered candidate, a dummy candidate will be used as a pair candidate.

Candidates will receive pre-released speaking topics 5 working days prior to exam from their centre. Results are then moderated by the moderation team in accordance with LRN's moderation policy. Moderated results are then forwarded to the qualification review panel for final approval.

MARKING

- □ Speaking is a three part exam and carries a maximum of 20 marks
- □ Each Reading question carries 1 mark (20 questions)
- □ Each Listening question carries 0.8 marks (25 questions)
- □Writing is based on 2 tasks with a combined maximum of 20 marks

For each sub-component candidates will be graded as follows:

- 0-9 = Fail
- 10-12 = Pass
- 13-15 = Merit
- 16+ = Distinction

Each sub-component skill mark is out of 20 and the total marks for this qualification are 80.

GRADING

Results are reported as distinction, merit, pass or fail grades. Candidates' marks for all sub-components will be added together to give an overall grade based on the minimum marks per grade level below:

Minimum Marks require (overall)	Grade
0-39	Fail
40-51	Pass
52-63	Merit
64+	Distinction

RELIABILITY AND VALIDITY

Results are reported as distinction, merit, pass or fail grades. Candidates' marks for all sub-components will be added together to give an overall grade based on the minimum marks per grade level below:

VALIDITY

- Producing quality items to the required standard that measure performance with links to the CEFR.
- 2. Validating performance through piloting and feeding back into the test development cycle to ensure consistency of items.

The validity of LRN tests is evaluated in terms of the uses and interpretations of scores. The two main concerns in validation studies are:

1. The uses and their meaning to which scores are put in terms of the latent trait(s) they engage and measure. Several validation frameworks, such as Messick (1989) and Kane (2012), emerge from this. Supporting evidence of validity arguments potentially vary from test to test as every test produced has a unique validity argument.

The following inferences are included, following Kane's framework (2012):

- a. Evaluation clear and sufficient domain definition and operationalisation.
- b. Generalisation how confidently performance can be extrapolated on the test to a universe of the tasks.
- c. Explanation analogous to conventional construct validity.
- d. Accuracy of scores representing the amount of the latent trait under assessment.
- e. Extrapolation analogous to conventional criterion validity.
- f. Accuracy of candidate performance on the test prediction of performance on similar devices as well as the target language domain.

Tests developed by LRN are subjected to rigorous data analysis methods in order to ascertain the validity of the uses and interpretations of scores. Consultation is received by a team of experts who assist in undergoing latent trait model analysis on data sets in order to determine the quality of the test. Evidence yielded fromthese analyses is used to judge the validity argument of the test.

RELIABILITY

- 1. Delivering examiner training against LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1) mark scheme with links to the CEFR.
- Conducting standardisation and monitoring to ensure consistent interlocutor performance and accurate grading.
- 3. Carrying out moderation to ensure consistent, accurate and reliable results.
- 4. The LRN validation team work with a variety of models relevant to language testing and psycholinguistics. Validation studies for each qualification are produced for every 800 1000 responses / grades generated.

*Please visit the LRN website for further updates on validation and reliability under our Research section

ADMINISTRATION AND ASSESSMENT DELIVERY

The duration of LRN Entry Level Certificate in ESOL International (Entry 1) (CEF A1) is approximately 2 hours with the main test sitting (reading, listening and writing) lasting approximately 1 hour and 50 minutes in one continuous assessment session on the same day (with a short break in between each component). Speaking tests are scheduled between one and three days before or after the main test sitting.

One invigilator is assigned to, every 15 candidates, for reading, listening and writing sub skills with an additional invigilator to accompany candidates, in instances where they leaving the assessment room for any reason. The invigilator is also responsible for checking candidate identification and is always present for the duration of the assessment. Invigilators are also responsible for ensuring candidates have no unauthorised materials in the examination room.
